

My Teachers  
are wearing  
face shields

My teachers are going to be  
wearing face shields.

A face shield is a piece of plastic that goes in front of someone's face.

A face shield can protect me and my teachers from germs.

I have probably seen a lot of people wearing masks at stores and other places.

My teachers will wear face shields instead of masks. That way I can see them smiling at me!

It will be different to see face shields, but it will be okay!

Face shields are just a piece of plastic that can help keep everyone safer and healthy.
