## Mask Eliquelle

© Autism Little Learners

When I wear a mask, there are some things I can do to keep from spreading germs.

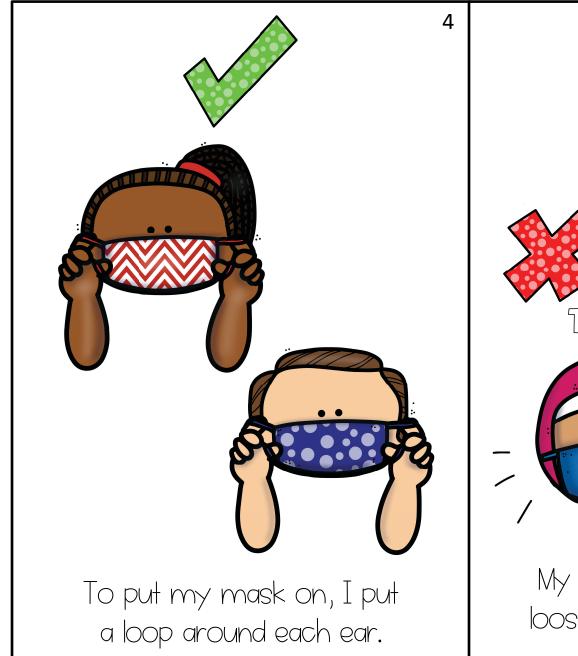

I should wash my hands or use hand sanitizer before I put my mask on.

© Autism Little Learners

It is best to only touch the ear loops when I hold my mask.!

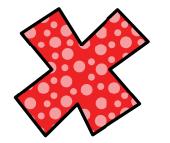

© Autism Little Learners

fit just right.

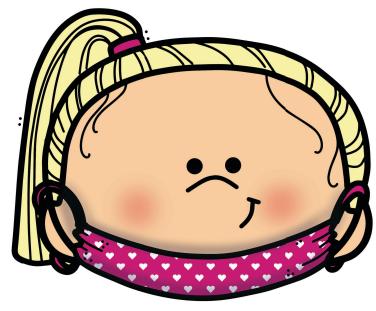

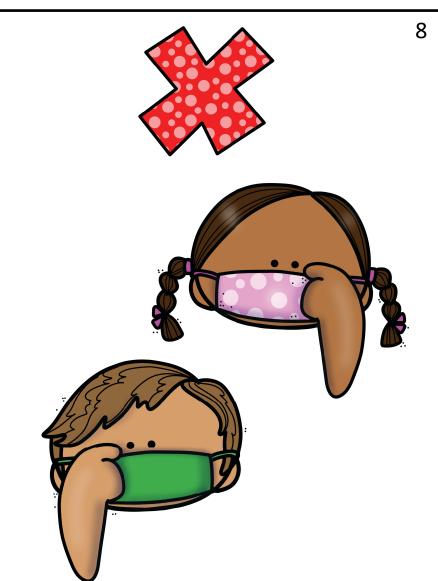

My nose should stay under the mask.

My mouth should stay under the mask.

I can try my best to not touch my mask when it is on.

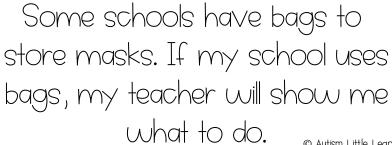

© Autism Little Learners

I should only wear my own mask. It is not okay to share masks with other people.

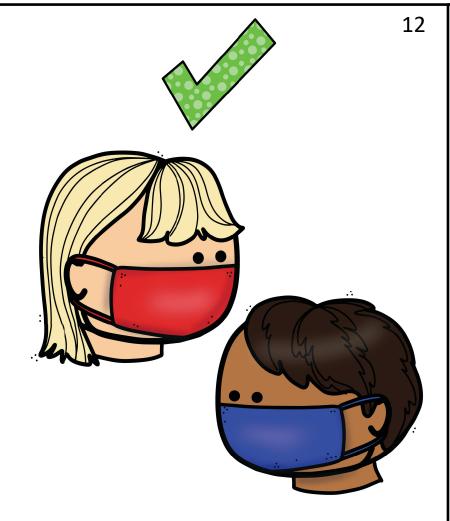

© Autism Little Learners

After I take my mask off, I should wash or sanitize my hands again.

My teachers and family will be so proud of me when I wear my mask so it covers both my mouth and nose!

© Autism Little Learners

Wearing a mask can help prevent the spread of germs when I wear it the right way!

## AUTISMeittle LEARNERS

Resources and ideas for families and educators

This product is free, and I give you permission to distribute, copy and use for educational purposes. You may not post it as your own. Pease give credit and provide a link to Autism Little Learners on Facebook... You can also refer people to my website: <a href="https://www.autismlittlelearners.com">www.autismlittlelearners.com</a>

Thank you for purchasing this activity from my store! I hope you find these materials as useful as I have in my classroom. Be sure to come back for newly added products!
