ROCK 'N' ROLL ARTICULATION

R, R-blends and Coarticulated Phrases

Contents:

6 BOARDS : 2 Initial R words, 1 AR words, 1 IRE words, 1 OR words, 1 AIR words, 1 EAR words, 1 ER words, 2 mixed R-blends. 10 words per card (60 words per board). 6 co-articulated R phrases with 6 phrases per card (36 per board). Procedure: Print one copy of each board. Laminate. The black-ink only boards can be printed for single use.

Instructions:

Give one board to each student. Students may work on the same board (make 2 copies). Students take turns rolling one die. They must correctly articulate, read or spell one word on a square corresponding to the number rolled. If correct, they cross off the word with a white board marker. The first one to cross off all of the words in one square wins. They may also play “blackout” where all words must be crossed off, depending upon how much time you have. This can also be used with an individual student who may complete one square or all squares, depending upon the amount of time allowed.

Rock 'n' Roll Articulation - Initial R

**red real
row wreck
right ray
